MEMORANDUM FOR: Committee on Overhead Reconnaissance

SUBJECT: Commentary on Air Capabilities with
Reference to CHURCHDOOR Missions

REFERENCE: COMOR-D-2/9

STAT

1. Attached for the information of the Committee is a summarization of the data submitted in Tab A of COMOR-D-2/9 regarding CHICOM air defense capabilities and some conclusions. This material was prepared by the Intelligence Staff/DPD at the Chairman's request in an effort to compress the data submitted in Tab A of COMOR-D-2/9 and possibly to make the information useful to the justification paper.

2. In the normal course of his duties, of the Intelligence Staff/DPD, is continuing to look at the USSR and Communist China AOB and air defense capabilities generally on an all source basis. It is recognized that there may be differing interpretations of data on the part of other experts, but it was believed by the Chairman that if the form of this presentation is considered useful, differences of view on the facts can be reconciled.
